

## Green Industry Day

### Program

The Industry Day in this edition will be focused on the impact of the newest renewable energy industry activities. The focus is on recent developments and further extensions.

Participation in the Green Industry Day is free for all who have registered for the ETFA 2010 conference. If you want to participate only in the Green Industry Day, see registration plan details.

At the end of the Green Industry Day, shuttle buses will bring the ETFA conference participants from the conference site to the Bizkaia Technology Park.

### Date

16<sup>th</sup> September.

### Duration

Full day.

### Potential attendees

Participation in the Green Industry Day is recommended for both:

- Control developers and managers from industry to get informed about the current trends in industrial renewable energies.
- Researchers in academia and industry to discuss needs and directions for further research.

### Agenda

Time	Topic	Presenter
09:30 – 10:00	<b>Electric Vehicle and Renewable Energy: The Optimal Combination</b> Tecnalia	A. Peña
10:00 – 10:30	<b>The role of research in strategic ocean energy development</b> Tecnalia	J.L. Villate
10:30 – 11:00	<b>Coffee Break</b>	
11:00 – 11:30	<b>Wind Power Generation</b> Gamesa	J.I. Llorente
11:30 – 12:30	<b>Control of Solar Energy Systems</b> Universidad de Sevilla	E. F. Camacho
12:30 – 13:30	<b>Lunch Break</b>	
13:30 – 14:00	<b>Travel to Bizkaia Technology Park</b>	
14:00 – 15:00	<b>Visit to ROBOTIKER-Tecnalia Technology Centre</b>	
15:00 – 16:00	<b>Visit to Ingeteam</b>	
16:00 – 16:30	<b>Return to Bilbao</b>
